This note postpones the implementation of the reporting instructions for certain dates in relation to novation transactions until further notice and provides reporting instructions for backloading and reporting of valuation transaction information for forward rate agreements.

This note, together with another note issued on 27 January 2017, the SRI 1 and SRI 2 published on 25 November 2016 should be read together as the complete set of reporting instructions. Licensed Corporations that may be subject to mandatory reporting obligations are advised to refer to these documents to ensure compliance with applicable reporting requirements.

If you have any questions regarding the above documents and reporting requirements, please call (852) 2231 1788.
