Circular to SFC's Registered Intermediaries

Notification of in-house training sessions by corporate licensees

Corporate licensees are currently required to notify the Commission of their internal training sessions and submit the relevant training materials at least 5 working days in advance. To alleviate the administrative burden of the industry, with immediate effect, the Commission considered that such notification and submission would **no longer** be required.

Nevertheless, corporate licensees should continue to keep proper training and attendance records for each training session, and report status of Continuous Professional Training ("CPT") compliance in their Annual Returns. The Commission may also request for training information in its annual Business Activities Survey, or at any other time deemed appropriate.

If you have any enquiries regarding the above, please refer to the "Frequently Asked Questions on CPT" posted on the Commission's website at www.hksfc.org.hk or contact your responsible Intermediaries Relationship Manager of the Licensing Department.
